"Recensione "Author Diane Mae Robinson has written an excellent book on grammar that children and adults will comprehend."--**Barbara Fanson for Readers' Favorite.**"I've rarely come across as well presented and entertaining an approach to what can be an intimidating subject. Robinson gets to the heart of the really puzzling aspects of grammar and offers them up in a format designed to make learning grammar more fun."--**Jack Magnus for Readers' Favorite.**"Having a useful resource that engages students and includes a wide variety of grammar rules with short, fun examples is difficult to find. Robinson has produced a winner with this easy-to-navigate, all-inclusive, grammar guide for kids."--**Literary Titan.**"Thoroughly accessible to readers of all ages and backgrounds, *The Dragon Grammar Book* is straightforward and user-friendly: an excellent tutorial or refresher for writers everywhere, and highly recommended especially for public and school library college collections, as well as personal reading lists."--**Midwest Book Reviews.** "This book is a great educational resource in any classroom, homeschool, or for parents helping their kids. A fun and easy way to learn the often difficult and, dare I say, tedious rules of English language."--**Bonnie Dani, Adalinc.org.**"With clear examples and fun activities, this book is a must-have for readers and aspiring writers."--**Peter Takach, English Teacher and Grammarian.**"As a homeschool mom, I love using this book to teach my kids because it is fun and engaging and helps them actually understand grammar."--**Christine Suarez.**"Do you think English

grammar is fun? No? Join the club. It can be torture. However, there is a book called *The Dragon Grammar Book* by Diane Mae Robinson and it might just change your opinion about grammar books."--**Kim Anisi for Readers' Favorite**.
