Kumon's research has discovered that children learn more easily when they tackle one skill at a time. That's why Kumon Focus on Workbooks shine a spotlight on one challenging maths topic per book and help children improve these essential skills and gain confidence in their abilities. Each workbook utilises the Kumon Method - a step-by-step, incremental approach that helps children learn at their own pace and without anxiety. By rigorously practising each skill, the child will be proficient in the mathematics that is crucial for future learning.

The ratio of those who died relative to those who lived was 44 to 79 alternatively we might want to focus on the proportion who lived in total 123 people were infected and 44 of these died therefore the proportion who died was 44 123 which could be ex
